

### 5.37 Live Like Christmas

Every year when the time comes rolling around  
Evergreens and a blanket of snow on the ground

**Bells are ringing, carollers singing.**

Silent night, holy night filling up the air

Everyone has a smile that they willing to share

**People are giving, loving and living**

Can you imagine what would happen?

*Refr:* **If we lived every day like it was christmas**

**We can make such a world of diffrence**

**Sharing love and telling of him**

**We can show everyone around us**

**God is here and he cares about us**

**If we lived every day like it was christmas**

Slowing down spending time with the family and friends

Finding ways to forgive and start over again

**Such a good feeling, lauhging and healing**

Reaching out, giving hope to the man on the street  
with the faith in the One who can meet ev'ry need.

**It's all about Jezus, let him lead us**

Can you imagine what would happen?

*Refr:*

Keep on giving, love and living

Just like it was christmas

**Keep on giving, love and living**

**Just like it was christmas**

Can you imagine what would happen?

*Refr:*

**Live Ev'ry day!**

**Live ev'ry day like it was Christmas**

**We can make such a world of diff'rence**
